

## Consumer Portal

The Consumer Portal allows consumers to become fully engaged in their benefit accounts. They may enroll in benefits, view information, store health expense data and receipts, file claims, file distribution requests, initiate a provider payment, manage their profile, view notifications, access forms, repay ineligible expenses by EFT and link to other helpful resources.

The Consumer Portal includes a dashboard that consolidates all expenses, payments, claims loaded within the online or mobile applications, debit card transactions, and bill pay distributions attributable to any account. The consumer may easily filter, organize, export and pay expenses out of the dashboard. You can access this portal by visiting [www.eaglesbenefits.com/register](http://www.eaglesbenefits.com/register)
